Outdoor cooking facilities,  
suitable for any  
environment

---

*Cucina da esterno,  
adatta ad ogni  
ambiente*

Exclusive, the outdoor kitchen suited to any environment, distinguishes important events. Ideal for those who need to cook in open spaces, to create an event to tantalize guests.

To support this trend, OnFire has created Exclusive, an action station of innovative design to make your events spectacular, which allows guests to interact with the chef, who becomes the protagonist.

Exclusive furnishes all kinds of environments with great style - it is available in different colors and configurations depending on the usage required and furthermore distinguishes itself by its wide range of accessories.

*Exclusive, la cucina per esterni adatta a qualsiasi ambiente, contraddistingue gli eventi importanti. Ideale per coloro che necessitano di cucinare in spazi aperti dove creare un evento e stuzzicare gli ospiti. A supporto di questo trend, OnFire ha ideato Exclusive, una action station dal design curato concepita per la spettacolarizzazione dell'evento, che permette all'ospite di interagire con lo chef rendendolo protagonista.*

*Exclusive arreda qualsiasi ambiente con grande stile, è disponibile in diversi colori e configurazioni a seconda dell'utilizzo necessario e si caratterizza inoltre per una vasta gamma di accessori.*

# Series Equipment

## Dotazioni di serie

Infinite combinations designed to meet your needs.

*Infinite combinazioni studiate per soddisfare i tuoi bisogni.*

Exclusive has been designed with the goal of making each environment comfortable and suitable for you to perform your job. For this reason, the technical modules have been coupled with a structure that is robust and durable, but also easy to move and with a great aesthetic value.

All you need is packed into one practical and compact solution, ensuring a natural work flow, as in a star-rated restaurant kitchen.

*Exclusive è stata progettata con l'obiettivo di rendere ogni ambiente confortevole e adatto per svolgere al meglio la tua professione. Per questo motivo i moduli tecnici sono stati accoppiati ad una struttura solida e resistente, ma allo stesso tempo facile da spostare e con una grande valenza estetica.*

*Tutto ciò che ti serve è racchiuso in un'unica soluzione pratica e compatta, per garantire un working flow naturale come in una cucina da ristorante stellato.*
